

src/Product.h

```
graph TD; A[src/Product.h] --> B[iostream]; A --> C[string];
```

A diagram illustrating a C++ header file dependency. At the top, a gray rectangular box with a black border contains the text 'src/Product.h'. Two dark blue arrows originate from the bottom edge of this box. The arrow on the left points to a white rectangular box with a gray border containing the text 'iostream'. The arrow on the right points to another white rectangular box with a gray border containing the text 'string'. This visualizes that 'src/Product.h' includes both 'iostream' and 'string'.

iostream

string
